

INTERWALL SERIES 99

THE FLEXIBLE SOLUTION TO INTERNAL ARCHITECTURAL QUESTION.

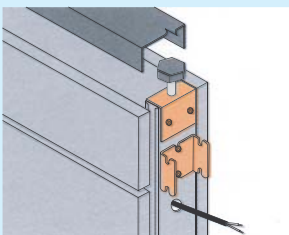

Series 99 INTERWALL is a fully de-mountable, interior wall and full height storage system, offering a modular, systems solution to office partitioning and storage requirements. The modular construction and co-ordinated finishes of Series 99 INTERWALL, facilitates the suiting of all interior walls including, structural / masonry cladding, solid and glazed partitions, door, single and double sided storage walls. All frames and panels are factory finished allowing fast, simple installation and reconfiguration

The ease with which Series 99 INTERWALL can be reconfigured, allows a company to operate at peak efficiency as internal moves or re-allocation of space that would, (because of cost and disturbance) normally be left until absolutely critical, can be achieved with minimal disturbance and at very little cost.

STORAGE WALLS

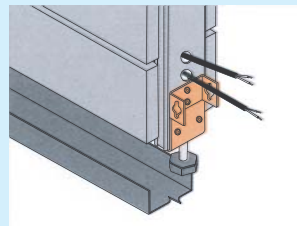

Series 99 storage walls are the most efficient use of vertical storage space, giving 20 - 30 % saving in floor areas.
